SUBMISSION REQUIREMENTS - BST

What you'll need to submit

THE BASICS

- 1 Project details**
A description of what you built.
- 2 Development platform used**
e.g. Lovable, Make, Claude.
- 3 Link to your presentation**
Google Slides, Canva, etc.

THE XERO QUESTIONS - REQUIRED

- 1 How did your project use the Xero API?**
The core feature / workflow — e.g. automated invoicing, expense syncing, AI bank reconciliation.
- 2 Which Xero API endpoints did you use?**
List endpoints + methods — e.g. POST /Invoices, GET /Contacts.
- 3 Which OAuth 2.0 scopes did you need?**
e.g. accounting.transactions, accounting.contacts.

- Have these ready before the **11:00 Sunday deadline** — the Xero questions are **required** to be judged.

HOW TO SUBMIT

1 **FINAL SUBMISSIONS**
11:00 AM SUNDAY

2 **SUBMIT ON THE**
ENCODE PLATFORM

3 **PITCH 14:45**
3-MINUTE DEMO TO THE JUDGES

No late submissions. Anything submitted after the deadline won't be judged.

Saturday 4 July

WORKSHOPS, TALKS & MEALS - BST

10:00 Doors open: registration & swag

10:00 Breakfast & snacks

11:00 Intros by Encode: logistics & agenda

11:15 Welcome from Xero: schedule & prizes

11:25 Intro: Head of Platform Marketing

11:30 Overview of the Xero API

11:45 Overview of Make

12:00 Overview of Lovable

12:15 Hackathon starts

12:30 Lunch

13:00 Team formation

13:30 Workshop: Xero AI Toolkit / Vibecoding 101

13:45 Workshop: Scaffolding for Small Business

14:15 Workshop: Make deep dive

14:45 Workshop: Lovable deep dive

15:15 Workshop: Pitch Perfect

16:00 Checkpoint 1: Project Creation Deadline

19:00 Dinner

22:00 Night munchies

23:00 Venue closes for the night

CUSTOMER PROBLEM & OPPORTUNITY #XEROHACKATHON

THE CUSTOMER PROBLEM & OPPORTUNIT Y

THE PROBLEM

Modern small businesses are overwhelmed by:

- Manual data entry
- Fragmented tools and workflows
- Constant tab-switching

The result is lost time, inefficiency, and missed opportunities.

THE OPPORTUNITY

This hackathon challenges builders to create the next generation of Xero-powered apps and autonomous agents—tools that reclaim time, streamline operations, and help small businesses run smarter.

THE APPROACH AND WHAT YOU'LL BUILD

THE APPROACH

- Use vibe coding (natural language prompting) to quickly scaffold functional, user-friendly apps
- Transition to production-ready architecture using CLIs and frameworks
- Build systems that are not just fast—but accurate, reliable, and financially trustworthy

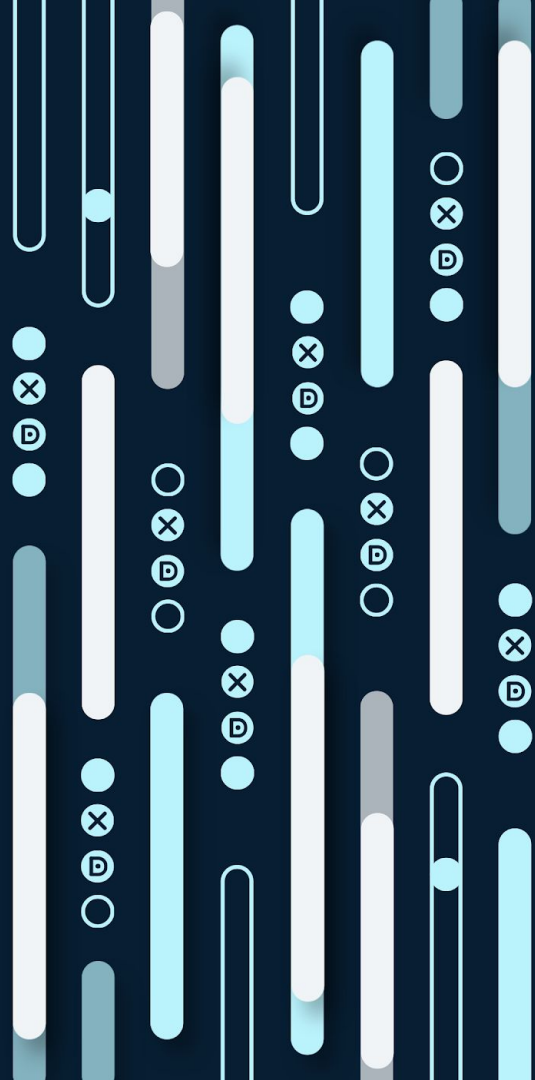

WHAT YOU'LL BUILD

- Intelligent Apps: Extend Xero with high-utility tools (e.g., inventory management, contractor time tracking)
- Autonomous Agents: Background workers that take action using Xero data (e.g., chasing overdue invoices or managing vendor interactions)

#XEROHACKATHON LONDON 2026

TRACKS, PRIZES & JUDGING CRITERIA

#XEROHACKATHON

TRACKS AND PRIZES!

PRODUCTIVITY POWERHOUSE

Best App or Agent that automates a manual SB workflow (e.g., auto-categorizing receipts or predicting stock-outs before they happen).

Prize: £3,000

THE VIBE INTEGRATOR

Best Integrator or workflow automation tool that uses an agent to monitor a second app and intelligently syncs "the bones" of the data into Xero

Prize: £3000

THE CASH FLOW ACCELERATOR

Best growth app or agent that uses Xero Payments data to identify and act on revenue opportunities for a small business.

Prize: £3000

IMPORTANT CALL OUT:

Your hack must integrate with the Xero API

JUDGING CRITERIA

50%

Xero Connection (real problem + strong use of Xero)

30%

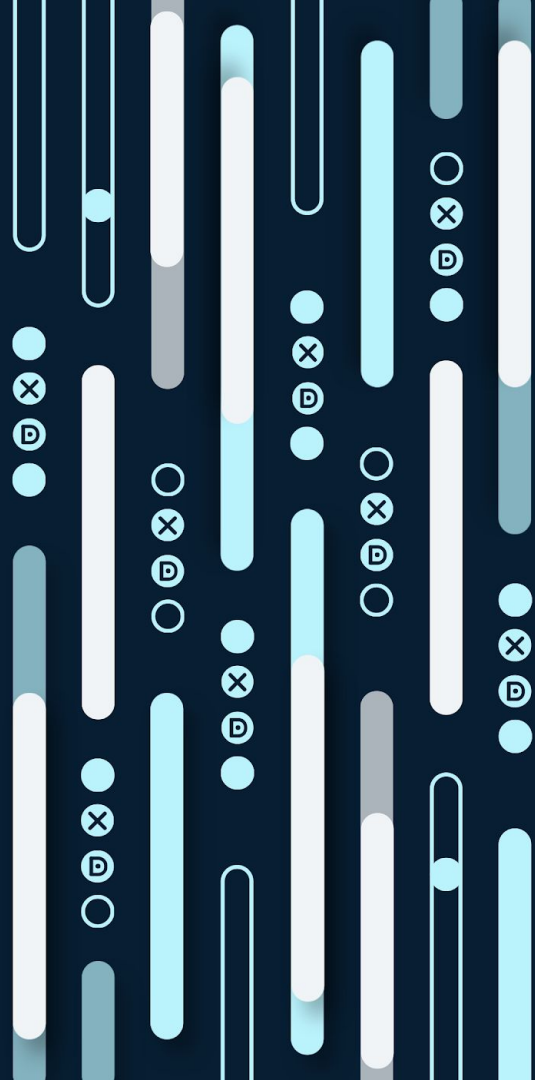

API Integration (effective use of Accounting/Payments APIs)

20%

Architecture (reliable, production-ready design)

#XEROHACKATHON LONDON 2026

WORKSHOPS, TECHNICAL SUPPORT & CERTIFICATION #XEROHACKATHON

HACK WORKSHOPS

- MASTERING THE XERO AI TOOLKIT / VIBECODING 101
- SCAFFOLDING FOR SMALL BUSINESS
- MAKE DEEP DIVE
- LOVABLE DEEP DIVE
- PITCH PRACTICE

HACK SUPPORT & CERTIFICATION

SUPPORT

- Onsite support is available at the Xero table
- Online support is available via our Discord Server

CERTIFICATION

- If you would like to turn your hack to an app, Xero will be offering onsite certification on Sunday morning after final submissions.
